

# **A \$23 BILLION DOLLAR TAX LOOPHOLE CONGRESS SHOULD CLOSE**

## **SUPPORT SALES TAX FAIRNESS**

Only Congress has the ability to create a fair and level playing field between brick-and-mortar retailers and online retailers when it comes to the collection of state and local sales tax.

Yet, year after year Congress fails to act while thousands of local mom and pop brick-and-mortar retailers are being forced out of business.

How can they compete with the online-only retail industry that enjoys a \$23 billion tax loophole?

Local retailers, the backbone of U.S. communities, are disappearing.

And the jobs they provide are not being replaced.

**Congress needs to pass a federal solution that reflects  
the realities of the 21st Century Marketplace.**

The International Council of Shopping Centers is striving to create a fair and level playing field for all retailers whether they sell online, in a mall, or on Main Street.
