

The only thing  
I really want is  
a fair and level  
playing field for  
all retailers!

While Santa can't fulfill this wish, Congress can! For too long Internet-only retailers have enjoyed a tax loophole that allows them to undersell their brick-and-mortar competitors by as much as 10%, simply because they don't have to collect state and local sales taxes.

This unfair advantage is pushing mom-and-pop retailers out of business and hurting our local communities that rely on sales tax revenue to fund vital services like schools and infrastructure.

**The International Council of Shopping Centers is striving to create a fair and level playing field for all retailers whether they sell online, in a mall, or on Main Street.**

**Support S. 1832, the Marketplace Fairness Act  
and H.R. 3179, the Marketplace Equity Act  
to end online retailers' unfair advantage.**

**The federal government  
should no longer play favorites.**
